LET'S MAKE COBOURG THE BEST PLACE TO LIVE FOR ALL OF US

TEAMWORK

Bringing our ideas and vision for Cobourg to life requires us to work together. That means politicians, Town staff and all residents of Cobourg.

Many ask me what I think we should do in Cobourg - but before that comes how. And the answer is working together across the political spectrum while focusing on getting projects done on time and on budget.

TRANSPARENCY AND ACCOUNTABILITY

For us to work together, we need to share information. The residents of Cobourg should have insight into how projects progress in Town Hall, why budgets are spent and why projects are needed.

Then once we commit to getting something done, we need to follow up and be accountable for both successes and failures.

PROGRESS OVER PERFECTION

Very few people get everything right on the first try. But without trying, there's no learning and no progress.

To make Cobourg the best place to live for us all, we'll have to look outside to get inspiration, learn from others, launch initiatives, and then learn from both our successes and failures.
