Subject: Proposed Hiring of a "Manufacturing Attraction Specialist"

Good morning Dennis and Bill, I have held off answering for 2 reasons, the first being the CAO and I are working on a solution that will give us the benefits of a Manufacturing Attraction Specialist without the cost attached to it. Therefore I have asked the CAO to put a hold on hiring such an individual as a different approach looks promising. The second reason relates to my schedule as I have been extremely busy responding to hundreds of emails and have to look at them in order of priority. Hopefully this helps and I will be able to share some good news on this front in the near future.
