

Dear Chief Kai Liu

We are writing to congratulate you on the article that appeared in Cobourg Internet on April 3, 2017.

<https://www.cobourginternet.com/cobourg-news/news-2017/1120-police-partner-with-cornerstone>

In the article, John Draper states, "Cobourg Police are the first in Ontario to partner with Cornerstone to help make sure that victims get the support they need. They are one of only 5 services in the Province who expressed openness to having a program like this in place".

With increasingly diverse policing duties and demands, 'tiered' policing initiatives containing these types of employee solutions should result in improved services with significant cost savings. This is a very positive step for all of us Cobourg residents.

Thank you for your efforts and keep up the good work!

Sincerely

Lydia Smith  
President, Cobourg Taxpayers Association
