## Mayor Hector Macmillan on 89.7 FM

On December 14, 2016, the Northumberland Taxpayers Coalition (NTC) presented recommendations to the County on how to make the budget process more transparent, efficient, and cost effective.

Trent Hills Mayor Hector Macmillan, who is also a Northumberland County Councillor, criticized the group for a lack of understanding especially as many charges the County must pay for have been downloaded "by stealth" from the provincial government. Macmillan expressed his disdain for taxpayers' groups saying an earlier taxpayer group ended up costing the County over a million dollars.

Trent Hills Mayor Hector Macmillan will be on "Week in Review" on Friday January 6 at Noon. You can listen on the radio at 89.7 FM or by streaming it over the internet.
