Preserve Cobourg's valuable assets for all Citizens

Enhance quality of life for Cobourg citizens • Celebrate arts, culture & innovation • Protect heritage • Preserve our parks & exceptional public waterfront • Maintain public ownership of water & energy services • Protect local autonomy, including hospital services & community-based policing

Build a healthy economy & a thriving community

Vital parts include a vibrant downtown • Safe streets & active transportation options • Equitable access to town amenities & services • Balanced town growth to serve people of all ages • Diverse economic & employment opportunities, including small & local business retention & expansion • Cooperation with Northumberland County, other levels of government

Protect the environment for our sustainable future

Adopt modern & innovative infrastructure to adapt to climate change & to foster community resilience • Promote sustainable, well-designed neighbourhoods & environmentally responsible practices, including waste management • Ensure clean land, water and air for our children and our future

Work with Council to provide clear direction to Administration

Establish clear Council direction on policy and priorities • Enable mechanisms to assess Council policy effectiveness, budget efficiencies & results • Seek solutions, stimulate action

Ensure communication between Council & Citizens

Improve and facilitate respectful and inclusive dialogue • Public Q&A at Council • Invite ideas via community forums

Miriam would be a valuable member of Cobourg Council with her extensive planning knowledge and environmental consciousness. As president for the Northumberland Land Trust she has provided sound leadership always doing due diligence on all topics so that sound advice can be shared and amicable decisions made.

— Joan E. Chalovich, Mayor Town of Cobourg 1995-2000

Miriam in person... I have experience in local government as Cobourg Town Councillor, Coordinator of Planning & Development (2006-2010) and Public Works (2010-2014). In both elections, I was honoured to be elected with more votes than fellow Councillors. Committees: Planning • Environment • Public Art • Accessibility • Heritage • Active Transportation • Conservation Authority

Raised in Cobourg, I have family here and live in a heritage cottage near downtown. A Cobourg business woman, landscape architect and community advocate for more than 28 years, my passion for learning is a life-long commitment. I completed graduate studies in Sustainability in 2015. A recipient of volunteer service awards from the Town of Cobourg and the Province of Ontario, I am also a mentor with Big Brothers Big Sisters of Northumberland.
