

TRAVIS HOOVER

for Cobourg Council

TravisHooverCobourg.ca

I believe Cobourg to be a vibrant, growing community with opportunities for young people and families to grow and prosper, for retired folks to kick back and relax, for tourists to come and enjoy the regular events and attractions and the incredible beauty and historical charm of the area and for businesses and industry to set up and thrive.

It's through volunteerism and work experiences that I have learned the value and importance of public service. I want to bring the skills I have learned in my professional life to the role of Cobourg Councillor. I think the Council needs some new voices and new perspectives to work collaboratively on the issues we face as a community and I want to be a part of that critical process as we move forward.

Openness & Accountability

It's important to regularly engage and listen to the ideas and concerns of the people. I commit to being accessible to everyone and bring their voice to town hall on all issues.

Affordable Housing & Rent Geared To Income Housing for Seniors

Committed to working with community, provincial, federal partners and developers to do whatever I can to aid in the development and construction of more affordable housing and rent geared to income housing for seniors.

Financial Accountability & Transparency

Holding public budget consultations and a balanced and justified approach to any required tax increases to ensure your tax dollars are being used wisely

Environmental Stewardship

Committed to the preservation and protection of our parks, green spaces and water systems.

Economic Development

With an emphasis placed on job attraction, we need to support our economic development officials in a collaboration with all our partners in the county, provincial and federal levels.
